As members of a Christian community, God calls us to share our time, talent, and treasure with others as God has blessed us. These questions may help you to discern how to best apply your gifts:

*How can I best use my God-given talents to serve my community and others?*

*How can I best use my time to serve my community and others?*

*Do I generously support my faith community with treasure to carry on the work of Christ?*

The Religious Education program at St. Pius X Religious Education is committed to excellence and continual improvement. It depends on the members of its community for its lifeblood and their time and talents for meeting most of its ministerial needs. In return, the program pledges to make its volunteer ministries fulfilling and rewarding.

**All parishioners are invited to contribute your time, skills, and interests in support of one or more of these efforts.**

**Listed on the back are the volunteer ministry opportunities**

**Please note: The Archdiocese of Indianapolis requires all volunteers working directly with children in any parish ministry to receive a background check and attend Virtus training. See [www.virtus.org](http://www.virtus.org) for upcoming sessions.**
